How to Choose Your Primary Care Provider (PCP)

A primary care provider is the main doctor, nurse, or clinic that gives you most of your routine and preventive health care. IdealCare by Sendero Health Plans works with many PCPs in your neighborhood. Look at the PCP listing that begins on page 2 of this Directory. You must choose a PCP for each member of your family. If no is seen, then you may choose that PCP. If the listing for a PCP says "EO" ("Existing Only"), then you can only choose them if you are already a patient of that PCP. If the listing for a PCP has the indicated, that PCP is not accepting any new patients. The PCPs are listed by city and then by type of doctor. You can choose from these types of PCPs:

- ★ Pediatricians (*these PCPs see children only*)
- ★ General or Family Practice / Medicina Familiar (*these PCPs can see all members of your family*)
- ★ Internal Medicine / Medicina Interna (*these PCPs see members who are 18 years old and above*)
- ★ Clinics (*these places usually have many doctors who can see all members of your family, so you may not always see the same doctor or doctor assistant*)

Cómo elegir a un proveedor de cuidados primarios (PCP)

Un proveedor de cuidados primarios es el médico, el enfermero o la clínica principales que le brindan la mayor parte de la atención médica preventiva y de rutina. IdealCare de Sendero Health Plans trabaja con muchos proveedores de cuidados primarios de su vecindario. Observe el listado de proveedores de cuidados primarios que comienza en la página 2 del Directorio. Usted debe elegir un proveedor de cuidados primarios para cada miembro de su familia. Si no aparece el símbolo , puede optar por ese proveedor de cuidados primarios. Si aparece la sigla "EO" ("sólo pacientes actuales"), puede elegirlo únicamente si ya es paciente de dicho proveedor de cuidados primarios. Si aparece el símbolo , ese proveedor de cuidados primarios no acepta nuevos pacientes. Los proveedores de cuidados primarios están ordenados, primero, por ciudad y, luego, por tipo de proveedor. Puede optar por los siguientes tipos de proveedores de cuidados primarios:

- ★ *Pediatría (estos proveedores de cuidados primarios atienden únicamente a niños).*
- ★ *Medicina general o familiar (estos proveedores de cuidados primarios pueden atender a todos los miembros de su familia).*
- ★ *Medicina interna (estos proveedores de cuidados primarios atienden a miembros a partir de los 18 años).*
- ★ *Clínicas (estos lugares suelen contar con muchos médicos que pueden atender a todos los miembros de su familia, por lo tanto es posible que no vea siempre al mismo médico o asistente médico).*
