

Crossmark Global Investments Awarded Top Guns Designation by Informa Financial Intelligence

Houston, TX—June 13, 2019— [Crossmark Global Investments, Inc.](#) is pleased to announce that the Crossmark Large Cap Core Growth strategy has been awarded a PSN Top Guns distinction by Informa Financial Intelligence’s PSN manager database, North America’s longest running database of investment managers. Crossmark was honored with a 5-Star and 6-Star Top Gun rating for its Large Cap Core Growth strategy.

“We at Crossmark are proud to be recognized for our core growth solution,” said [Melville Cody](#), who serves as Senior Portfolio Manager of the Large Cap Core Growth strategy. “We strive to provide our clients with risk-controlled investment options for above average long-term growth.”

Crossmark’s Large Cap Core Growth Strategy is designed for the investor seeking above average long-term growth with added stability. This portfolio is made up of high-quality large-capitalization core and growth stocks that offer strong earnings growth and have the potential to deliver high levels of profit growth.

Through a combination of Informa Financial Intelligence’s proprietary performance screens, [*PSN Top Guns](#) ranks products in six proprietary categories in over 50 universes. This is a well-respected quarterly ranking and is widely used by institutional asset managers and investors. Informa Financial Intelligence is part of Informa plc, a leading provider of critical decision-making solutions and custom services to financial institutions.

Top Gun firms are awarded a rating ranging from one to six stars, with the number of stars representing continued performance over time.

Crossmark’s Large Cap Core Growth strategy was named Top Gun 5-Star and 6-Star rating. The 5-star rating means that the strategy had an r-squared of 0.80 or greater relative to the style benchmark for the recent five-year period. Moreover, products must have returns greater than the style benchmark for the three latest three-year rolling periods. Products are then selected which have a standard deviation for the five-year period equal or less than the median standard deviation for the peer group. The top ten returns for the latest three-year period become the 5 Star Top Guns. The top ten information ratios for the latest five-year period then become the 6 Star Top Guns.

“Congratulations to Crossmark Global Investments for being recognized as a PSN Top Gun,” said [Ryan Nauman](#), *Market Strategist at Informa Financial Intelligence’s Zephyr*. “This highly esteemed designation allows us to recognize success, excellence and performance of leading investment managers each quarter.”
